

## **2nd work report**

on the project “Public Elementary School of Plateau ”  
Community of Abomey-Calavi

### **Pictures from the opening ceremony**

February 18, 2020

The days before the opening ceremony at the primary school of Plateau were filled with cleaning and tidying up. All larger fragments of building blocks were carried away, the new classrooms were swept and washed. The kids were so eager. I watched them with a smile. At home, the mothers would surely have to call long before they would do the job asked. The children's eagerness and laughter showed me how important the new building is to them.

The children bring us water as a sign of welcome.

Deputy Mayor

Vie et Culture plays our song "All girls in school".

handover of the keys

Ribbon cut

In the speeches this building was being praised for its coloring and everyone expressed the wish that our building should become the standard for all primary school buildings.

Thank you very much! I send my heart felt gratitude to the Katholische Landjugendbewegung Landkreis Rosenheim and to Mr. Nippel. I would also like to thank the members of the Bildungswerk West Africa and the employees of the Federal Ministry for Economic Cooperation and Development. Thanks also to everyone who supports our work with many small donations and activities. Your trust and friendship are our support. Together we created a little miracle for the children of the Plateau primary school.
