

**Preschool of Kadolassi**  
**District of Badjoudè**  
**Municipality of Ouaké**  
**Republic of Benin**

From Cotonou, we drive approximately 200 km north on the arterial road, passing through Godomey, Abomey-Calavi, Allada, and Bohicon to Dassa-Zoumé. This region is characterized by rocky hills. The enormous granite boulders inspire the imagination of vast mountains in ancient times. At the large roundabout in Dassa-Zoumé, we turn towards Savalou and drive another 261 km past Savalou, Bante, and Bassila to Djougou. In Djougou, we turn west towards Togo. After 30 km, we reach the small town of Badjoudè. In the town center, the road takes a sharp left turn. Here, we turn right onto a road heading north. At the intersection shaped like the rune Algiz, we take the road that turns left and follow it until we see the Kadolassi elementary school on the right side of the road. The preschool's property is across the street. The coordinates are 9°43'49.72"N, 1°23'6.65"E.

This preschool was registered under number 5730/MEFPD/MEMP/DC/SGM/DPP/SP on November 18, 2015. To date, the preschool has no building of its own, nor any toilets for its preschool children. The children are currently housed in a classroom of the elementary school. Approximately 100 children are enrolled, but few attend school because the circumstances are unsettling for parents.

Therefore, the director and the parents' council asked the mayor for help, who forwarded this request to our partner association "Actions de Solidarité".

In order to create a child-friendly environment for the children of this preschool, we propose the following measures:

1. The construction of a building holding two (02) classrooms, plus a principal's office and a storage room for teaching materials. The classrooms will be equipped with large murals.

Cost: 40.000 €

2. Equipped with playhouses, cupboards, shelves and play equipment

Kosten: 5.100 €

3. small tables and chairs 2.000 €

3. the construction of a toilet block with four (04) cubicles

Cost: 6.000 €

4. Personnel expenses: supervisor 275 € x 6 = 1.650 €, technicien 153 € x 6 = 918 €  
total 2.568 €

5. Building inspections: 3.000 €

**The total cost of the project is 53,568 €,**  
**of which 25% are 13,392 €.**

A classroom at Kadolassi Preschool

The director's residence

Preschool children in a classroom at school.  
There are no school furniture or toys.
