

Preschool of Tchaladé
District of Ouaké
Municipality of Ouaké
Républic of Bénin

From Cotonou we drive about 200 km on the northern artery through Godomey, Abomey-Calavi, Allada and Bohicon to Dassa-Zoumé. This region is characterized by rocky hills. The huge granite blocks inspire the imagination of the immense mountains of ancient times. At the large roundabout in Dassa-Zoumé we turn towards Savalou and drive another 261 km through Savalou, Bante and Bassila to Djougou. In Djougou we turn west/Togo. After 35 km we come to a Y-junction, the left road leads to Ouaké, the right to the border with Togo. We follow this road and at the first large crossroads we turn right and follow the red earth street until we see the Tchaladé preschool on the left side of the street.

This preschool was registered under number 003/MEMP/MEF/DC/SGM/DPP/SP in 2009. The Danish association Borne Fonden built a building holding one classroom and a storage room for this preschool. Since then, the number of children has increased considerably. Today, there are three groups, two for the youngest and one for the oldest, with a total of 99 children, including 51 girls. All of them are being taught in the single classroom. Since supervision is not guaranteed in this confined space, the principal and the parents' council asked the mayor for help, who forwarded this request to our partner association "Actions de Solidarité".

In order to create a friendly environment for the children of this preschool, we suggest the following measures:

1. the construction of a building holding two (02) classrooms plus an office for the principal and a storage room for teaching materials. The classrooms will be decorated with large murals, each room with a small house and a locker. The principal's office will have a locker and the storage room two shelves.
2. Equipped with playground equipment in the yard
3. the construction of a sanitary block of four (04) units
